Description

Conical tanks are open-top tanks in food-grade, UV-stabilised PE, closed by a food-grade PE lid. They are available from 200 L to 3,000 L. The 1,500 L tank has no lid.

The standard colour is natural PE; other colours are available on request. A graduated scale allows the liquid level to be monitored.

Advantages

- Tanks nestable to 50% of their height: reduced space requirement in storage and transport.
- Graduated scale for level monitoring.
- Chemical compatibility chart supplied on request.
