PE DOSING TANKS

D01-DOS-FT-001

Product data sheet · PE tanks

Cylindrical dosing tanks in food-grade, UV-stabilised PE, from 50 to 1,050 L. Reinforced top section to take a mixer or a dosing pump; graduated scale for level monitoring.

Technical data

Capacity	50 to 1,050 L
Material	UV-stabilised PE, food grade
Colour	Natural PE as standard, other colours on request
Cap	Female-threaded screw cap, in food-grade PE
Top section	Reinforced for mixers and dosing pumps
Level	Graduated scale
Chemical compatibility	Chart on request

Description

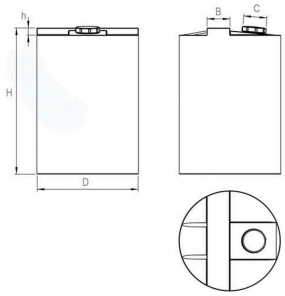
The dosing tanks are cylindrical tanks in food-grade, UV-stabilised PE, in natural PE colour as standard (other colours on request). The cap is a food-grade PE screw cap.

The top section is reinforced to take a mixer or a dosing pump. A graduated scale allows the liquid level to be monitored.

A chemical compatibility chart is available on request.

Installation example

Dimensions



Dimensions D, H, h, B and C
