ROUND SPILL BUNDS FROM 150 TO 1,000 L

D03-BAC-FT-001

Product data sheet · Spill containment

Round spill bunds in natural-coloured low-density polyethylene (LDPE), with a capacity of 150 to 1,000 L.

Technical data

Capacity	150 to 1,000 L
Material	LDPE (low-density polyethylene)
Colour	Natural
Resistance	Weather

Description

Round spill bunds in natural-coloured low-density polyethylene. The bottom of the bund has a flat area.

Available dimensions

Code	Capacity (L)	Diameter (mm)	Height (mm)
BAC-0150	150	880	320
BAC-0275	275	1100	350
BAC-0500	500	1040	820
BAC-0750	750	1220	820
BAC-1000	1000	1400	900

Advantages

- Light and stable bund.
- Robust and weather-resistant.
